## ALFRED H. BELO DEAD

He Passed Away at Asheville, N. C., This Morning.

### OWNED TWO PAPERS.

He Was a Confederate Soldier and Was Twice Wounded During the Civil War—Texas Loses a Staunch and True Friend.

Asheville, April 19.—Colonel A. H. Belo, proprietor of the Galveston and Dallas News died here today.

Colonel A. H. Belo was born in Salem, N. C., May 27, 1839. He was also elected captain of the Forsythe rifles in April, 1861, and served in the Confederate army of Northern Virginia; was wounded at Gettysburg; went to Texas at the close of the war, was principal owner of the Galveston News and also established the Dallas News of which he was one of the principal owners. In 1885 Colonel Belo was at various times director of the Associated Press and one of its vice presidents. Colonel Belo of late years usually passed the summer in the Adirondacks and winters at Dallas and Galveston. He will be buried at Salem.

He had just reached Asheville, whither he had journeyed in the hope of finding a peace that a change of climate and the sight of his old home would bring. He was surrounded by all his family, his family physician and other friends. He will be buried at the old homestead, close by the scenes he knew and loved so well.

Colonel Belo was one of the best known men in the country. His splendid sense and tireless energy enabled him to achieve much, and the two great newspapers he built are monuments to his life's work that are enduring. He found a rich fruition that grew out of his labors and leaves a record and a name that will not be easily effaced. He had warm friends by the hundred and there will be sorrow in many hearts when the news of his death becomes known. He was ever loyal to Dallas and to Texas, and both have lost a friend who was always ready to wield a potent influence in their behalf.

The news of Colonel Belo's death came as a great shock to his many friends in this city. Private telegrams received in Dallas stated that he died soon after arriving in Asheville, near where he will be interred in the family cemetery at Salem next Sunday. His wife and son, A. H. Belo, Jr., were at his bedside during his last hours.

Colonel Belo never entirely recovered from wounds received during the civil war and it is the effect of these that caused his death. For year he has constantly been attended by a physician who traveled with him wherever he went.

Colonel Belo left a wife and two children, A. H. Belo, Jr., and Mrs. Chas. Peabody of Boston.

Colonel Alfred H. Belo, journalist, was born at Salem, N. C., May 27, 1839, and was therefore 62 years old at the time of his death. He spent his boyhood and youth in his native state and when the civil war broke out he volunteered for active service in the Confederate army, and was elected to the captaincy of the first company from his native county of Forsyth. He served during operations in Virginia, earning a colonel's commission and the reputation of a brave officer. Twice he was severely wounded, at Gettysburg in 1863, and again the following June when General Grant made his fierce attack on the Confederate lines at Cold Harbor. He was with Lee when the surrender was made at Appomattox.

Leaving the scenes of the disaster, he determined to seek a home in the new southwest, and he rode on horseback from Virginia to Texas, reaching his destination in June, 1865.

He accepted a position on the Galveston News News, which journal he purchased in 1875.

In 1881 Colonel Belo formed a stock company authorized by its charter to publish newspapers at Galveston and such other points in the state of Texas as they might select. He duplicated the News and issued it simultaneously at Galveston and Dallas. Each paper had its own local department, the same editorial writers, the same branch offices and the same press service throughout Texas.

The newspaper men of Dallas, as well as those who may be here from surrounding cities, are requested to meet in the Texas Press association room of the Oriental hotel at 10 o'clock tomorrow to pass resolutions on the death of Colonel Belo and take further action that may be deemed appropriate in connection with the funeral of the distinguished journalist.

Given to the Jury.  
Frankfort, Ky., April 19.—The case

of Captain Garnett D. Ripley, the alleged Goebel assassination suspect, has gone to the jury. Mr. O'Neal made the closing argument for the defense and Commonwealth Attorney Franklin closed for the prosecution.

### Made an Assignment.

New York, April 19.—Isaac L. Currier, trading under the name of I. L. Currier & Co., bankers and brokers, has made an assignment for the benefit of creditors.

### TENNESSEE SENSATION.

A Charge of Bribery Made in a Speech Before the Legislature.

Nashville, April 19.—Senator W. B. Eldridge of Memphis, in open session of the senate Thursday, accused ex-Comptroller James A. Harris of an attempt to bribe and blackmail, and precipitated one of the most sensational scenes ever enacted in the halls of the Tennessee legislature.

He charged that Mr. Harris came to him at his seat in the chamber and offered him \$500 and promised him to have withdrawn a suit pending against him on the condition that he would vote for the terminal bill when it came up on a motion to reconsider.

The terminal bill, which provides an amendment to the charter of the Louisville and Nashville Terminal company, forcing it to allow the use of the terminal facilities by any railroad which may demand them and which was advocated by Colonel Jere Baxter and others as a means to let the Tennessee Central into the terminal station here, was defeated in the senate Tuesday afternoon. Senator Vandeventer entered on the journal a motion to reconsider. In concluding his speech Senator Eldridge said: "Now, this case is set for 2 o'clock and here is the item to bulldoze me into giving this vote, and I ask the protection of this senate. I ask that a committee be appointed to investigate this matter and protect me."

In accordance with the senator's request a committee of three was appointed to investigate the matter. Mr. Harris declined to make a statement further than to declare in emphatic language that Mr. Eldridge's charges were untrue.

In his statement to the senate Mr. Eldridge said that he had received a check from Walter S. Rainey in payment for a loan and the check had been protested. It had fallen into the hands of J. T. Odum, who had brought suit against him to recover the amount. Continuing he said:

"Fifteen minutes ago, at half past 11, Jim Harris came into this chamber and took me in that corner and said: 'If you will vote for the Terminal bill this afternoon, J. T. Odum will withdraw this case and I will give you \$500.'"

### Will Declare a Dividend.

New York, April 19.—The Standard Oil company will declare a dividend about May 1, of 20 per cent on its capital of \$100,000,000. At the same time a plan will probably be adopted of increasing the capital stock of the company from \$100,000,000 to \$400,000,000. The increase of the capital stock will be in reality an adjustment. Four shares of the new stock will be given in exchange for one of the old. The stock is quoted at present at its top figure, 805, so that a share of new stock will be worth in the market approximately \$200.

### Subscribed for Two Roads.

Muskogee, I. T., April 19.—At a mass meeting of citizens of Muskogee, \$65,000 was subscribed for two railroads, one to run from this place to Shawnee, O. T., and otherwise known as the Shawnee, Oklahoma and Missouri and the other to be the Muskogee, Oklahoma and Western to run from Fort Gibson to Guthrie. Both the roads are to be in operation in 12 months and the terminals and shops are to be at Muskogee.

### Duke Won His Suit.

London, April 19.—The suit of San-guineti against the duke of Manchester which was postponed Feb. 18 last owing to the absence of the duke, has been won by the duke. The plaintiff sought to recover £500 commission for procuring the duke a loan of £10,000. The evidence showed no loan acceptable was procured. The plaintiff admitted that he charged 25 per cent yearly interest which, he said, was not exorbitant.

### Barrett Will Be Delegate.

Washington, April 19.—Prof. Cyrus Northrup, president of the University of Minnesota, having declined the appointment as delegate to the Pan-American exposition to be held in the City of Mexico next October the president offered the position to John Barrett, formerly minister to Siam, who has accepted.

### Five Men Deported.

San Francisco, April 19.—The transport Rosecrans brought from Manila five men who have been deported by the military authorities. Among them was Santiago Maceo, son of the late Cuban leader, Antonio Maceo. While in the Philippines Maceo became first sergeant of the Maccabebe scouts. He was accused of giving information to Filipino troops and dismissed from the army, and because of the supposed menace

## GRAND OPERA HOUSE

## JOHN B. MIKE, Manager

of his presence in the island, General MacArthur ordered him deported.

### Killed a Woman and Suicided.

Paris, April 19.—Madame Lascher Englander, living at Passick, has been murdered by Ferdinand Ernst because she refused to marry him. Ernst, who was born in Chicago, and who is said to be a director of the Manchester House and a British subject, then shot himself. All of the parties were well known socially. The victim was a woman of independent means. The murderer, who died in a hospital, left a letter requesting that his body be cremated and making arrangements for the defraying of the funeral expenses of the victim from his personal estate.

### Refused the Charter.

New York, April 19.—Mayor Van Wyck has sent back to Albany the revised charter as passed by the legislature. With the charter was the mayor's veto and memoranda, giving reasons why the city of New York had refused to accept it.

For a smooth, clean shave or the latest style hair cut go to

### DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

### Notice.

We urgently request our customers who are in arrears for light and water to call and settle without delay. Hereafter we will be compelled to cut off both lights and water if accounts are not paid by the 10th of each month.

20 Bryan Water, Lee, L. & P. Co.

## A BIG BUSINESS ON A SMALL SCALE

Is one here. We serve a great number of customers with choice Roasts, Chops, Steaks, etc., but we don't keep a large quantity of meat on hand. We receive a fresh supply at frequent intervals and that is the reason everything is of such delicious flavor. The meats have not become tasteless through a long imprisonment in the ice box.

Beef, Veal, Mutton, Lamb, Pork and all game in season.

**S. W. BUCHANAN**  
THE CITY MARKET.

## A NEW COLONY.

France Giving Her Soldiers Land and Farming Utensils to Start Life.

Washington, April 19.—General Gallieni, the military governor of Madagascar, has begun a new system of military colonization on that island, according to a communication received at the state department from United States Consul Brunet at St. Etienne. Already it is stated over 50 soldier colonists are in possession of their concessions and are in a fair way of becoming independent and useful members of the community.

The new system now applies, not only to soldiers who have finished their term of service in the French army, but also to those who are yet in their third and last year, and gives the colonization more of a domestic than a military aspect. The colonist is provided with agricultural implements and a few head of cattle to start with and if he fulfills expectations as to his value as a member of the community, he may borrow money at a long credit and with no interest.

As an instance of the results obtained a case is cited wherein a French corporal received a concession of 250 acres in 1898, planted potatoes and realized \$300 from them by the end of the year. His little concession prospered steadily and last year he turned in an inventory showing the value of his tenement, cattle, etc., to be nearly \$4000. Considerable extension to the present system is contemplated.

## WANT AMERICAN TREES.

Canada Allows Nursery Stock to Come in Free of Duty.

Washington, April 19.—An order in the council has recently been passed by the Canadian government nullifying the operations of "the San Jose scale act," which heretofore has prohibited importation from the United States of all kinds of nursery stock, according to a report to the state department from Consul Graham at Winnipeg. The order exempts from the San Jose scale act any trees, shrubs, plants, vines, grafts, cuttings or buds commonly known as nursery stock, from any country to which the act applies, and all importations of such shrubbery are permitted to be entered at the customs ports of Winnipeg between March 15 and May 15 and between Oct. 7 and Dec. 7; and at the customs port of Vancouver, B. C., from Oct. 15 to March 15. Entries are not permitted at other posts than those mentioned.

The plants must be thoroughly fumigated, but the Canadian government assumes no responsibility for any damage resulting. The general tariff laws impose a duty of 3 cents on each budded or improved fruit or shade tree and an ad valorem duty of 20 percent on shrubbery imported from the United States. Seeding stock for grafting and florists stock in general are admitted free of duty.

Consul Graham says there is a growing demand for nursery stock in Manitoba and the northwest territories and that the United States should supply it in a large measure notwithstanding the tariff as trees grow in our northwestern states are best adapted to the Canadian climate.

### Resumed Consideration.

New York, April 19.—The grand jury resumed consideration of the charge of murder against Albert T. Patrick, accused of having caused the death of W. M. Rice. The principal witness of the day was Charles F. Jones, former valet and secretary of the dead man. Other witnesses in the grand jury room were Charles Wetherbee, clerk in the bank of Swenson & Son's, Professor Withaus and John R. Potts, a friend of Patrick. Potts is a new witness. He testified at the hearing in the magistrate's court that on the day following the death of Rice, Patrick had given him a check for \$25,000 made out to him by the dead millionaire which had been certified to by the Fifth Avenue Trust company. Potts deposited it in the Chatham National bank in trust for Patrick, but he said that had taken the check out since and handed it to the administrator of the Rice estate.

### Trouble for Russia.

London, April 19.—A dispatch to Renter's Agency from St. Petersburg says although the students remain quiet, the authorities are disturbed by the attitude of the working people and isolated troubles are considered unavoidable on May 1. Working people are attempting to introduce Labor Day observances and practically the whole of the operatives of the St. Petersburg Steel company, an immense concern, which among other things, manufactures ordnance, recently demanded half holiday and full pay. When the demands were refused they broke into the manager's office, forced the company's officials to flee for their lives, tore their fur coats into shreds and burned valuable books and papers. Police and mounted gendarmes chased and routed the rioters.

### Boer Peace Negotiations.

London, April 19.—The Sun confirming the report of peace negotiations between Kitchener and the Boer generals has been renewed, suggested that something is likely to be effected during Sir Alfred Milner's absence. Mrs. Botha is again acting as go-between.

### Upholds the Government.

New York, April 19.—The board of classification of the United States general appraisers, decided by a majority vote to hold the United States government justifiable in imposing a counter valuing duty on Russian sugar.

## TWO BILLS PASSED.

The Canadians Permits American Railroads to Enter Coal Fields.

Toronto, April 19.—The government of Canada passed two bills through the railway committee which virtually secures a second independent railway to the Pacific coast. The first bill was that promoted by J. J. Hill for connecting his United States railway system with the immense coal fields of British Columbia, where hitherto the Canadian Pacific had no competitor. The main conditions of the charter are no discrimination in coal prices or freight rates, no amalgamation or pooling with other railways in the district and the government to name maximum freight rates. The government retains control of 15,000 square miles of coal land which it may put on the market any time or operate.

The second bill confirms the sale by President Mellen of all Northern Pacific, Manitoba lines to the Canadian Northern, the government retaining the power to name maximum freight rates. The Manitoba government is given power to guarantee the Canadian Northern bonds and to purchase all the old Northern Pacific lines if it so desires at the end of 30 years.

### The Cost of the War.

London, April 19.—Redmond's comment on the budget speech, "not much Mafeking now," was perhaps the most judicious reflection which found expression from the crowded house. Sir Michael Hicks-Beach made a most depressing speech, which sobered both sides of the house of commons. The cost of the war, the magnitude of the deficit and the extent to which recourse must be had to the borrowing powers were on a larger scale than had been expected, and the new burdens of taxation more serious. An estimate of £148,500,000 as the net cost of the war would have staggered the taxpayers, even if the end of military operations had been in sight, but with the resources of the guerrilla warfare apparently inexhaustible, there was a general conviction in the house that it might exceed £200,000,000 before a settlement could be reached. The permanent debt already increased would be enlarged by £90,000,000, with a suspension of all arrangements for the sinking fund.

### At a Standstill.

London, April 19.—The export coal business at Cardiff docks is at a standstill. Merchants refused to ship and take the responsibility of the new tax, while the colliery owners repudiate any liability. Scotch importers of coal are of the opinion that the United States is bound to capture the West Indian coal market.

### Expedition Abandoned.

London, April 19.—A dispatch from Paris says in consequence of the imperial decree ordering the Chinese troops to leave the territory, it is considered under the protection of the allied forces, the Franco-German expedition has been abandoned. France will shortly withdraw her 10,000 troops from China.

### Ordered Outside the Wall.

Peking, April 19.—In consequence of strong representations to the Chinese government, an imperial decree dated April 16, has been issued ordering the Chinese troops at Hwai Lu to immediately remove outside the great wall. These were the troops which the Franco-German force were preparing to attack.

### Another Defaulter.

Pittsburg, April 19.—A. J. Schroth, bookkeeper in the First National bank, of Birmingham, this city has been arrested by United States Marshal Leonard, charged with embezzlement of \$35,000 of the bank's funds. He was released later on bail of \$10,000. The alleged defalcation was discovered by National Bank Examiner Slack. Slack says the bank is in excellent condition and will not be affected.

### Ordered to Leave.

Evansville, Ind., April 19.—The visit of the Indiana miners to Kentucky came to naught. They were met at Sebree by a sheriff's posse and after listening to the reading of the intimidation law were ordered back to their boat. They obeyed the order and marched to their place of landing. Warrants have been issued for the arrest of the marchers, and will be served if they return to Kentucky.

### To Increase the Speed.

Washington, April 19.—The navy department is considering a plan by which the torpedo boat destroyers, now building at Philadelphia, can undergo certain changes in construction by which one knot can be added to the speed originally contracted for, making them 26 knot boats. The chief constructor of the navy will go to Philadelphia to determine whether the changes can be made.

### Landing for Pacific Cable.

Victoria, B. C., April 19.—The site has been selected on Barclay Sound on the west coast of Vancouver island, for the landing place of the Pacific cable. It consists of 100 acres and will be laid out as a town and cottages built for employes. There is a good harbor off the site, in fact room for a whole fleet of battleships, and it is well protected.

### After American Quails.

Washington, April 19.—Consul Nelson at Beggar says the importation of American quails into Sweden has awakened lively interest. More than 5000 quails, representing a sum of about \$3500 have been ordered for shipping and still expect more orders.

### George Coppell Dead.

New York, April 19.—George Coppell, chairman of the board of directors of the Denver and Rio Grande railroad died in this city today.

## IF YOU MISS YOUR FRIENDS

during the coming summer, just address them at the Colorado Chautauqua, Boulder, Colo. You'll either find them there or at some of the other numerous Rocky Mountain Resorts. Texas has been so prosperous that the people are planning all over the state to spend the hot month in "Kool Kolorado;" and the number of Southern people up there this year will be numerous. People always want the full worth of their money, and this accounts for the plans of almost every one providing for using "THE DENVER ROAD" from Fort Worth. Because, you know, we have the shortest line, make the quickest time, run the only through train—with Cafe Cars, Pullmans, Modern Coaches, Etc., so "You don't have to apologize for riding on The Denver Road!"

Judge J. W. Doremus and J. E. Butler have returned from Madisonville, where they went to contest the local option election. The point in question was whether the commissioner's court, under the statute, had the right to go behind the returns, poll list and certificate of the officers holding the election and declare a different result from that declared by the judges of the election. Judge Snither, of the District court, held they could. This decision virtually sustains the election in favor of local option for the school district of Madisonville. Judge Doremus says the streams are all high from recent rains.

While Messrs. Goodman and Miller (the former of Navasota, and the latter of Bryan) were out driving in or near Navasota yesterday, the team ran away and both gentlemen were injured. Mr. Goodman was dangerously injured and unconscious for several hours. Mr. Robert Cuthrell is here looking after Mr. Miller's jewelry establishment.
